

**Hydrogen
Rich Water**

DH30 Dissolved Hydrogen Meter

DH30 Dissolved Hydrogen Meter :
To measure Hydrogen Rich water, Dissolved Hydrogen concentration in the Hydrogen water generator.

Technical Specifications

Concentration measuring range	0.000-2.000ppm
Resolution	0.001 ppm
Accuracy	+0.002ppm
Temperature	°C,°F optional
Sensor	CS6931 replaceable dissolved hydrogen sensor
LCD	20*30 mm multi-line crystal display with backlight
Backlight	ON/OFF optional
Auto power off	5 minutes without key be pressed
Power	1x1 .5V AAA7 battery
Working Environment	-5°C - 60°C, Relative Humidity: <90%
Protection	IP67
Dimensions	(HXWXD)185 X 40 X48mm
Weight	95g
