

- Nitrite Tester ( $\text{NO}_2^-$ )
- Ammonia Tester ( $\text{NH}_3$ )
- Carbon Dioxide Tester ( $\text{CO}_2$ )

Precise, simple and quick, with temperature compensation.  
Not affected by low temperature, turbidity and color of samples.

**NO2 30**  
Nitrite Tester

**NH3 30**  
Ammonia Tester

**CO2 30**  
Carbon Dioxide Tester

Range	0.01-100.0 mg/L	0.01 – 200.0 mg/L	4.50 -200.0 mg/L
Resolution	0.01-0.1 mg/L	0.01-0.1 mg/L	0.01-0.1 mg/L
Temp. Range	5-40 °C	5-40 C	5-40°C
Working Temperature	Yes	Yes	Yes
Sample demand	50 ml	50ml	50ml
Sample treatment	pH < 1.7	pH > 11	4.8 < pH < 5.2
Applications	aquaculture, aquarium, food, beverage, drinking water, surface water, sewage, waste water	Surface water, sewage, wastewater, aquaculture, swimming pool	Beer, carbonated drinks, surface water, groundwater, aquaculture, photosynthesis
